Invitation No. 1, inviting offers due by 12 noon, Central Time, Monday, May 17, is being issued this week. There are some important changes to this year's program. Any sample of turkey ham with bone or bone-like material greater than 0.40 inch (1.27 cm) will be cause for the rejection of the product that the sample represents. Also, the contractor/producer must immediately report all complaints received on the commodity to the Contracting Officer. As with last year's program, all contractors and suppliers in USDA's purchase programs must register with the Central Contractor Registration System. Certifications, representations, and warranties (Appendix-1) will be made one time only for all Poultry Program Announcements for the program year. Certifications must be received by the Contracting Officer prior to submitting a bid. Information regarding these requirements is contained in Announcement PY-282, which is being distributed to the trade. Offerors are urged to review the bid format and product specifications and are cautioned to offer only quantities they can reasonably expect to produce and deliver during the contracted delivery period.

Although most other provisions of the program are similar to the program operated last year, offerors are urged to carefully read all applicable terms and conditions of USDA-1, as amended; Announcement PY-282; Appendix-1; the Commodity Specifications for Turkey and Turkey Products and Smoked Turkey Ham dated April 2004, and Invitation No. 1.

Consumer pack whole turkeys, turkey roasts, and turkey hams are for preparation and consumption in their present forms by recipients. Bulk pack turkey will be purchased for delivery to a processor and is for conversion to further-processed products in accordance with a contract with recipients.
